

MOVE+ — ANTI-CHEAT POLICY

Last updated: December 15, 2025

1. CHEATING IS NOT ALLOWED

Any attempt to manipulate or fake activity is considered cheating.

This includes anything that artificially increases Energy Points or bypasses normal app behavior.

Examples of cheating:

- Fake steps or movement generators
- GPS spoofing or location faking apps
- Shaking your phone to simulate walking
- Using treadmills or machines to trick sensors
- Using multiple devices to farm Energy
- Editing files or modifying the app
- Using unauthorized third-party tools

If detected, your account may be reset, suspended, or permanently banned.

2. ACCURATE ACTIVITY REQUIRED

Move+ relies on:

- GPS
- Motion sensors
- Step counters
- Device movement

Any manipulation of these systems is a violation.

The app may automatically flag irregular patterns such as:

- Unrealistic speed (ex. 20+ km/h while “walking”)
- Teleporting GPS positions
- Sudden jumps in distance
- Overnight “movement” with no real activity
- Patterns matching known cheat apps

3. ONE ACCOUNT PER USER

Each person must use only one account.

Not allowed:

- Multiple accounts to farm Energy
- Sharing accounts
- Creating fake accounts for invite rewards
- Automated sign-up tools

Only real users with real activity are allowed.

4. INVITE & REFERRAL INTEGRITY

Invite rewards are meant for genuine growth.

Violations include:

- Creating fake accounts

- Using bots or disposable emails
- Paying others to install/remove the app
- Rapid mass invites from suspicious sources

Move+ may remove Energy from invalid invites.

5. SOCIAL MEDIA VERIFICATION

For follower milestone rewards:

- Followers must be real, not purchased
- Accounts should show real activity
- Fake or bot followers will result in rejection
- Repeated abuse may suspend your creator rewards

Move+ may request screenshots or additional verification.

6. AUTOMATED MONITORING

Move+ uses automated systems to detect:

- Abnormal activity
- Device manipulation
- Suspicious GPS behavior
- Multi-account patterns
- Rapid reward accumulation

If flagged, your account may be reviewed manually.

7. CONSEQUENCES OF CHEATING

Depending on severity, Move+ may take actions including:

- Warning message
- Resetting Energy Points
- Removing rewards
- Blocking invite rewards
- Suspension of account
- Permanent ban
- Loss of all progress, items, and entries

Severe or repeated violations result in permanent removal.

8. APPEALS

If you believe your account was wrongly flagged, contact us within 7 days:

moveplus@gmail.com

Provide:

- Your account email
- Device model
- Description of the issue

We will review your case, but decisions after full investigation are final.

9. UPDATES TO THIS POLICY

We may update our Anti-Cheat Policy at any time to improve system integrity.

Continued use of Move+ means you accept the updated rules.
